Supplemental Figure 1A. ROC curve for ST2 level and grade III-IV aGVHD in 106 DBCT recipients. The corresponding AUC (95% CI) is 0.59 (0.45-0.74). Operating characteristics for the 25%, 50% (median), and 75% percentiles of ST2 are presented.

Supplemental Figure 1B. ROC curve for ST2 level and TRM in 113 DBCT recipients. The corresponding AUC (95% CI) is 0.75 (0.62-0.88). Operating characteristics for the 25%, 50% (median), and 75% percentiles of ST2 are presented.
