DISCLAIMER

The ideas and opinions expressed in Blood do not necessarily reflect those of The American Society of Hematology or the Editors of Blood. Publication of an advertisement or other product mention in Blood should not be construed as an endorsement of the product or the manufacturer’s claims. Readers are encouraged to contact the manufacturer with any questions about the features or limitations of the products mentioned. The American Society of Hematology does not assume any responsibility for any injury and/or damage to persons or property arising from or related to any use of the material contained in this periodical. The reader is advised to check the appropriate medical literature and the product information currently provided by the manufacturer of each drug to be administered to verify the dosage, the method and duration of administration, or contraindications. It is the responsibility of the treating physician or other health care professional, relying on his or her independent experience and knowledge of the patient, to determine drug dosages and the best treatment for the patient.

INDEXING AND ABSTRACTING

Blood is indexed and abstracted by Index Medicus, Excerpta Medica, Current Contents/Life Sciences, Current Contents/Clinical Medicine, Science Citation Index, Scisearch, Automatic Subject Citation Alert, ISI/Biomed, and BIOSIS.
