Assistant Attending
Lymphoma Service
Division of Hematologic Malignancies, Department of Medicine
Memorial Sloan Kettering Cancer Center

Memorial Sloan Kettering Cancer Center (MSK) is one of the world’s premier cancer centers, committed to exceptional patient care, leading-edge research, and superb educational programs. The blending of research with patient care is at the heart of everything we do. The institution is a comprehensive cancer center whose purposes are the treatment and control of cancer, the advancement of biomedical knowledge through laboratory and clinical research, and the training of scientists, physicians and other health care workers.

The Lymphoma Service in the Department of Medicine at Memorial Sloan Kettering Cancer Center is seeking a full-time faculty member at the Assistant Attending level for clinical service and research. The Lymphoma Service has an interest in the multidisciplinary care for patients with all lymphoma entities. Our 23 full-time oncologists see patients at different stages of their disease management, coordinating their care and developing comprehensive and innovative strategies using conventional and investigational treatments, including immune-based, targeted and cell therapies. The service also supports a wide range of clinical and translational research, with established collaborations with other clinical services and research laboratories, and recent publications in top-tier journals of medicine, oncology and hematology. Candidates must be board certified or board eligible in medical oncology.

Please send CV, a letter outlining your interest and names/contact information of three references via email to:
