Physician (Hematologist)

The FDA’s Center for Biologics Evaluation and Research (CBER), Office of Tissues and Advanced Therapies (OTAT) is seeking a medical hematologist to serve as a Physician, GP-0602-14 position to serve in the Office of Tissues and Advanced Therapies (OTAT).

RESPONSIBILITIES: As a Hematologist in OTAT, the incumbent is responsible for:

• Reviewing clinical trial protocols and facilitation of clinical development of these products for the treatment of hematologic disorders, such as hematologic malignancies, sickle cell disease, hemophilia, thalassemia, etc.
• Representing the agency at meetings with academic and industry sponsors of basic and clinical hematology, and at medical conferences.

QUALIFICATIONS: Must be U.S. citizen with Doctor of Medicine (M.D.), Doctor of Osteopathic Medicine (D.O.) or equivalent from a school in the United States or Canada. Official transcripts will be required prior to appointment. Applicants must possess current, active, full, and unrestricted license or registration as a Physician from a State, the District of Columbia, the Commonwealth of Puerto Rico, or a territory of the United States. It is highly desired that the prospective candidate has Board Certification or eligibility in Hematology/Oncology.

SALARY: Salary is equivalent to GS-0602-14, plus physician market pay (Title 38), and is commensurate with education/experience.

LOCATION: Silver Spring, MD

TO LEARN MORE: If interested in learning more about this position within CBER, please express your interest in a brief explanation and submit your electronic resume or curriculum vitae to CBER Recruitment at cber.employment@fda.hhs.gov and carbon-copy both Bindu George at bindu.george@fda.hhs.gov and Tejashri Purohit-Sheth at tejashri.purohit-sheth@fda.hhs.gov. Please reference Job Code: OTAT-21-16-ASH.

Supervisory Physician

The FDA’s Center for Biologics Evaluation and Research (CBER), Office of Tissues and Advanced Therapies (OTAT) is recruiting to fill the position of a Supervisory Physician overseeing OTAT regulated products for non-malignant hematologic conditions.

RESPONSIBILITIES: As a Supervisory Physician, duties may include but are not limited to:

• Supervising the review and evaluation of clinical protocols and other clinical information related to regulatory submissions, such as Investigational New Drug (INDs) and Investigational Device Exemptions (IDEs), marketing applications and communications with sponsors and applicants.
• Directing the clinical review of marketing applications for biological therapies and medical devices regulated by OTAT, based on application of policy and standards to the safety and effectiveness of the therapies.

QUALIFICATIONS: Must be U.S. citizen with Doctor of Medicine (M.D.), Doctor of Osteopathic Medicine (D.O.) or equivalent from a school in the United States or Canada. Official transcripts will be required prior to appointment. Applicants must possess current, active, full, and unrestricted license or registration as a Physician from a State, the District of Columbia, the Commonwealth of Puerto Rico, or a territory of the United States and 5 years of graduate-level training in the specialty of the position to be filled or equivalent experience and training. It is highly desired that the prospective candidate has eligible Board Certification.

SALARY: Salary is equivalent to GS-0602-15, plus physician market pay (Title 38), and is commensurate with education/experience.

LOCATION: FDA White Oak Campus in Silver Spring, MD
